Re: North Regional Stormwater Facility Project

Dear President Hase:

The Environmental Commission passed the following motion at our May 20, 2008, meeting:

In as much as a stated goal of the Environmental Commission is tree preservation and in as much as the North Regional Stormwater Facility Project mandates the destruction of more than a nominal number of native, mature trees, the Environmental Commission recommends to the Glen Ellyn Village Board of Trustees that the Board move to recommend to the Glen Ellyn Park District Board that the Park District not proceed with the destruction of trees at Ackerman Park.

The motion passed by a vote of 6 to 2.

Sincerely,

A handwritten signature in black ink, appearing to read 'RSM', with a long horizontal flourish extending to the right.

Robert S. Marcott
Chairman, Environmental Commission
